Grew Wrathful Over the Opposition to His Pet Subsidy Scheme.

A Vote Will Not be Taken

On Shipping Bill During the Present Session.
Sampson-Schley Affair May be Settled by a Compromise--Medals for Santiago Bay Heroes.

Washington, Feb. 16.—That the opposition to the shipping bill in the senate will not permit a vote to be taken on the measure at the present session has been made clear. For several days it has been evident that it would be difficult to gain unanimous consent to take a vote upon the measure. At the conclusion of several hours' consideration of the bill Mr. Teller (Colo.) announced his purpose to present a vote at this session. In an impassioned speech he declared that he would not consent to any vote and that it must be evident to the advocates of the bill that no vote could be had.

The statement of the Colorado senator elicited a sharp response from Mr. Aldrich (R. I.), who insisted that despite the declaration of Mr. Teller, the business of the senate would proceed in accordance with the wishes of the majority.

Mr. Hanna (O.) replied to Mr. Teller in a forceful speech, in the course of which he became impassioned in his denunciation of the methods employed by the opposition to defeat the measure. The advocates of the bill, he said, were honestly endeavoring to advance the best interests of the country, and he resented the insinuations against their honesty of purpose. Prior to these remarks Mr. Perkins (Cal.) delivered an eloquent and forceful speech in support of the bill. The agricultural appropriation bill was passed after being under discussion for nearly four days.

A Day Wasted.
Washington, Feb. 16.—Under the leadership of Mr. Cannon, chairman of the appropriations committee, a long filibuster consumed the time of the house. Mr. Cannon desired the house to proceed with the sundry civil appropriation bill, but was caught napping by the Democrats, who desired to devote the day to the consideration of private claims.

THE STAGE.

Events Past and Events to Come.

Monday—LaPearl's Sure Hits.
Wednesday—Human Hearts.
Friday—The Girl from Maxim's.

The High Rollers were certainly a warm proposition. It was by long that has been seen at Faurot's opera house this season, though at times the performance approached the line of suggestiveness rather closely. The show was full of ginger from start to finish and the living pictures, which were the best part of the performance, were artistic in both conception and execution.

There is not much resemblance between Bret Harte's famous "Tennessee's Pardner" and the play of that name.

Harte's "Tennessee" was about as tough a specimen of the early California gambler and road-agent as the eminent novelist ever portrayed, but in the play, as he expresses it himself, he is "legitimate and high-toned." The author has succeeded in instilling much of the Harte flavor into his play and it is a mighty good one for all that it contains but a suggestion of the story and as Harte was never able to write a successful play himself, the dramatist evidently knew his business.

Monday night comes J. H. La Pearl's combination in the farce comedy, "They Want Me." La Pearl is a famous circus man and if his program is any criterion he has filled his comedy with enough music, dancing and vaudeville acts of every kind and description to keep three rings busy. A fine band and orchestra is a feature of the show.

That ever welcome play, "Human Hearts" returns to Lima Wednesday night. This beautiful story of the Arkansas Hills, beautiful because of its simplicity, because if its honest truth and the lesson it brings home to every heart, is now enjoying the fourth season of its unvarying success.

Like "Shore Acres," the oftener one sees it the oftener one wants to see it again. It is refreshing in this day of imported problem and suggestive plays; to be able to listen to an American play of plain common folk with the blue haze of the Ozark mountains enveloping it; a play of lilacs, yellow roses and clover; a play in which the pipe of the quail, the moaning of the kine and the song of the mocking birds are intermixed with comedy, tragedy and pathos. Manager Nant-Hillville promises the best production the play has ever received, with James Gordon back in his old part of Tom Logan.

Washington's Birthday.
On Friday evening, Feb. 22nd, the newest farce, "The Girl from Maxim's" which enjoyed such a long and prosperous run at the Criterion, New York, will be presented here by a big cast headed by Miss Hattie Williams, Thomas Burros and Joseph Allen. It is a sparkling play flowing over with fun and its lines are brilliantly witty. It has been said of "The Girl from Maxim's" that it contains more ingenious and laughable situations than any farce ever produced. Its story is less interesting in its sentimental phase than it is comical. A very pretty love story runs through it, which will be found agreeable. A complete scenic investiture for the play is carried by the company which numbers thirty people.

The Davidson Stock company, one of the very best organizations playing at popular prices, will open at Faurot's Monday, Feb. 25, for a weeks engagement in a repertoire of attractive plays.

The posters for "The Girl from Maxim's" are splendid examples of the lithographer's art.

Among the many fine attractions yet to come this season are "The Dairy Farm," "The Milk White Flag," and "Eight Bells" and The Frank Daniels Opera company in Victor Herk's latest opera, "The Amerer." Mr. Daniels is managed by Kirke La Shille, the manager of "Arizona."

A number of our theatre goers will be pleased to learn that Manager Hyde has finally succeeded in getting the heating apparatus of the opera house adjusted so that the occupants of the seats in the center of the house will not be roasted.

John W. Dunne and Mary Marble have joined "A Milk White Flag."

Champion James J. Jeffries is a prospective attraction at the opera house. Captains Gale and Morrison please note.

Little Guests

Royally Entertained on Last Evening

In Honor of Eighth Birthday Anniversary of Their Hostess.

Mrs. M. O. Ferguson Surprised Last Night by a Party of Her Friends in Honor of Birthday Anniversary.

Yesterday afternoon from three to six o'clock Miss Ada, daughter of Mr. and Mrs. A. L. Ransbottom, of the corner of West and Kibby streets, delightfully entertained a number of her little friends in honor of her eighth birthday anniversary. Misses Lenora Fritz and Miss Goldie Ransbottom did the honors of receiving and entertaining very much to their credit. The freedom of the beautiful residence was thrown open to the little guests and wholesome and entertaining games were indulged in so that it was with much tardiness that they departed for their homes. A very toothsome and enjoyable supper was served. The following were those who wished Miss Ada many more such happy birthdays: Emily Leathernan, Gertrude Spyker, Florence Spyker, Edna Nutting, Anna Wilhelm, Lottie Kepper, Edna Kendall, Gertrude Davis, Goldie Fess, Flora Williams, Velma Tucker, Marguerite Helser, Marie Fleish, Gale Bowdle, Hazel Ashton, Hazel Dickens, Pauline Gantz, Geraldine English, Irene Engleish, Corine Myers, Helen Fletcher, Lenora Fritz, Edith Marshall and Bertha Fletcher.

Poetic Valentine Party.
Thursday evening Miss Jeanette Eccles, of Pine street, hospitably entertained friends with a poetic valentine party. Literary subjects, authors and gems, represented by flower readings, occupied the early hours of the evening. The possessors of twin verses constituted couples who fled into the brilliant dining apartment to partake of a delicious repast sumptuously served and relishably partaken of. Later other equally flattering features bore evidence to the adaptability of the charming young hostess, conceeded by all to be an appreciable entertainer.

Will Entertain Tonight.
Tonight Mr. and Mrs. F. D. Pague will entertain at cards a number of friends in honor of Miss Grace Ma-Matheany, of Ironton. Other events will complete a pleasantly arranged program, including instrumental music by Miss Matheany, a performer of recognized skill.

A Noiseless Auto.
Carl McCall, of near Wapakoneta, was in the city yesterday conferring with machinists regarding the construction of an electric propelled automobile of his own designing. When completed the auto will be lighter, swifter and easier operated. The special feature will be the noiselessness of the contemplated invention.

G. I. Keuthan, while hauling large tile just south of the Erie railroad yesterday evening, sustained a badly sprained shoulder by one of the tile rolling off the wagon along the side of which he was walking.

Mrs. M. F. Lilly, of Senas Falls, N. Y., who has been visiting relatives on the south side and vicinity for the past few weeks, left this morning for Pittsburgh, Pa., where she will visit awhile then go on to her home.

F. S. Shiff left last night for Bakersfield, Cal., where he will enter upon the duties of a lucrative position which he recently accepted in the oil fields in that locality.

Will Join the Benedicts.
Charlie Gramlic, who recently returned from Wyoming, where he was employed upon a ranch the past several months, will leave Sunday for Ft. Wayne, Ind., where he will soon join the ranks of the benedicts; the object of his affection being an estimable young lady of that city. During his visit here he interested south side friends by relating many interesting anecdotes, of that portion of he wild and woolly west in which he was located. He contemplates going to Butte,

Montana, in the spring to make his future home.

John Nolan, well known in this vicinity, is chief promoter in a grand minstrel to be given in Kenton soon. William Bruce has gone to Ft. Wayne, to accept a good position in the employ of his uncle, a manufacturer of that city.

Birthday Anniversary Event.
A very happy and complete surprise complimentary to Mrs. M. O. Ferguson, of Elizabeth street, was held last night. The occasion was her birthday anniversary. An enjoyable time was had by the guests. Refreshments were served, and several beautiful presents given to Mrs. Ferguson as tokens of the esteem in which she is held by her neighbors and friends. S. M. Yost will go to Owensboro, Ky., tomorrow, to begin his duties as traveling salesman for an establishment in that city.

F. L. Baughman, well known to south Lima residents, will soon become a "knight of the grip," traveling out of Cleveland for a hardware manufacturing company.

Miss Edna Bernice is now employed by a large millinery house at Toledo. W. S. Kumbuhl and William Griser, Sr., of Kenton, have returned home after a pleasant visit with Mr. and Mrs. Will Griner on Elizabeth street.

A. Miller Schmitt, of Kenton, visited in this locality yesterday. Miss Mable Black, of Reese avenue, will spend Sunday with her parents at Ada. Upon her return she will be accompanied by her sister Miss Winifred Black, who will visit several days on the south side.

Rev. A. D. Wolty, of the Soarville Mission church, is in Bluffton, Southside.

Salmagundi.
Mr. and Mrs. J. J. Malloy, of south Elizabeth street, are happy over the arrival of a handsome son at their home.

A handsome son arrived this morning to bless the home of Mr. and Mrs. Granville E. Beall, of Madison avenue. Miss Bernice Kraft, of east Kibby street, went to Jackson Center, today for a few days visit with her sister, Mrs. Will Dearbaugh. Miss Edith Metzgar, of Wapakoneta, is the guest of her grand parents, Mr. and Mrs. Wm. Weitz, of south Pine street.

To Tell the Story of Remarkable Escapes.

Lecturers Fresh from China Will Describe Incidents in the Boxer Uprising.

The incident of the uprising among the Chinese Boxers is still a subject of great interest to the people of the United States in spite of the fact that the atrocities have given way to great questions of diplomacy. It is now the settlement of the Powers with the Chinese government, and punishment of the Boxer leaders that occupy the attention of the rulers of the world, but there is left the scraps of the fearful warfare for subject matter of great interest and it is agreeable to note the coming of two gentlemen who were not only present during the uprising but objects against whom the hatred of the rebels was pitted.

Next Wednesday evening at the First Congregational church, and in the afternoon as well, Dr. Ingram of Pekin, China, and Mr. Sprague, also taken from that hot bed of heathenism, will deliver addresses, referring to their personal contact with the Chinese and their final deliverance from the awful fate that hundreds had suffered. Mr. Sprague was driven, up through Mongolia into Siberia, and his escape offers a most exciting review.

The lecture in the afternoon will be of especial interest to ladies, although it is understood that gentlemen are also welcome. Both meetings are free, and there should be large audiences present on both occasions.

INAUGURATION PLANS.

Washington, Feb. 16.—The pension building will be turned over to the inauguration committee, February 26, and the hall and main rooms will be transformed into tropical gardens and 1500 pension department employees will be given a vacation while this is going on.

Boers Under the Wily Dewet.

Stand off the British Under General Plumer With a Little Five-pounder Against a Battery of Field Artillery and Killed Many British.

Colerburg, Cape Colony, Feb. 16.—Plumer's column engaged Dewet between Colerburg and Philippstown, Feb. 15, and gradually pushed back the Boers. The British had a battery of field artillery and the Boers one 5-pounder. The shrapnel burst splendidly. Ten of the British were wounded during many hours' fighting. An occasional dead Boer was found. The engagement is being continued. All the males at Grasfontein have been arrested. There is plenty of evidence that they were assisting the Boers.

For a month Lord Methuen has been scouring the country between Kuruman and the Transvaal, bringing in women and children, cattle and food from all the farms. Fifty women and 100 children, together with a few men, he has sent to Vryburg. General Smith-Dorrien occupied Amsterdam and Taungs Feb. 9.

Alleged Chat With Kruger.

London, Feb. 16.—The Pall Mall Magazine will publish Feb. 18 an interview with Mr. Kruger, in part as follows: "Will no one arbitrate? Will no one give us a chance of defending ourselves? Get some one to judge between England and ourselves. But

the Lord will help us in the end. We shall win. I do not know how, or when, but we shall win at last." When asked why he came to Europe, he said to the interviewer: "I could not go out with the commandos as Mr. Steyn can. I am too old; but I may be of some use here." Regarding Mrs. Kruger he said: "I have a deep sorrow for her, but I have far more sorrow for my country. My wife has her children. Six are at home with her. I have 31 sons and grandsons in the field. Two of my sons were killed in the field and two captured."

Praised the Boers.

London, Feb. 16.—In the house of commons the debate was resumed on the address in reply to the speech from the throne at the opening of parliament. The discussion ranged from hospitals in South Africa to arsenals and beer. The principal subject, however, was the government's war policy in South Africa. Many members spoke. Mr. Labouchere elicited some opposition cheering by the remark: "It is a noble determination on the part of the Boers to incur all risk rather than to submit to a foreign power, and I honor them for it."

Keeper of a Boiler Avenue Resort Assaulted and Beaten

By an Unknown Colored Man Whom the Police Are Now Trying to Apprehend. News from Police Station.

About 11:30 o'clock last night, Jennie Nix, a colored woman living on Boiler avenue, was assaulted and severely beaten in her resort by an unknown colored man who has frequented several of the city's lowest dives during the last two weeks. From the information received by the police, it seems that the stranger entered the house by picking a lock and no cause for the assault can be assigned. Mrs. Nix was severely injured, her head, face and body being badly beaten and bruised by the intruder, during the encounter. Two younger women, who are inmates of the resort, were attracted from their rooms by the disturbance and they also received a few blows from the fists of the stranger before he retreated from the place.

The police were notified immediately and they have since been endeavoring to apprehend the stranger, but without success. Sergeant Caddy was informed this morning that the fellow had armed himself with a revolver and had declared he would start more trouble before he would submit to arrest.

The Plastering Did It.
About 1 o'clock this morning policeman Bacome, while patrolling his beat along north Main street, heard the crashing of glass in the Holmes block and thought that burglars were at work but upon making an investigation he found that the plastering had fallen from the ceiling in the law office

of Prophet & Eastman and one of the windows in the room had been broken.

A "Porch Climber."

A thief who may have been taking a preliminary lesson in porch climbing was abroad on west Market street last night. He visited the residence of George S. Vicary and stole a porch rug of the value of about five dollars. The police were notified today of the loss.

THE IDLER.

The announcement that Prof. Elias F. Johnson of the university of Michigan law department has been appointed to one of the supreme judgeships in the Philippines is of considerable local interest. Prof. Johnson has been a frequent visitor to Lima as the guest of relatives, ex-recorder A. Harrod being a brother-in-law and attorney D. J. Cable, a cousin.

A telegram from the war department informs him of his appointment and fixes the salary at \$5,500 a year. In case he accepts he will sail from San Francisco April 1. In an interview concerning the offer, Prof. Johnson says that he has so many ties that bind him to Ann Arbor that he could not come to a decision at once, and has asked the privilege of deferring his decision until March 1.

The American Sportsman makes the following mention of Lima's July meetings:

"The Lima Driving club, which has not been able to give a meeting with pool-selling for some seasons, held its annual meeting last week and decided to give four days of racing during the third week of July, the exact dates being July 16, 17, 18 and 19. The program will be made up of eleven events, each class calling for a purse of \$400. The association is now arranging the organization of a circuit of four or five good towns in western Ohio. J. C. Linneman has been elected president; J. R. Sinclair, vice-president and Tom Sullivan, owner of the good racemare Ima Dawson & 17½, is the secretary."

MARRIED THE DUKE.

London, Feb. 16.—The wedding of the Duke of West Minister, the richest peer in England and Miss Cornwallis West took place at St. Paul's church today. The most notable feature was the wedding cake, seven feet high, weighing 200 pounds.

THE WEATHER.

Washington, Feb. 16.—For Ohio, generally fair tonight and Sunday, except snow flurries along the northeastern shores.

HINTS FOR PLAIN GIRL.

A girl whose nature has not endowed with her precious gift of beauty should never think that there is no compensation in her lot. She should not be compensated and visit her misfortune upon others, who are not to blame for it. She should bear in mind that the women who have ruled "a world's destiny" have for the most part been quite devoid of beauty. She should think how fleeting beauty is, and that she will never suffer the pangs endured by a beautiful woman who sees her charms fading. She should remember, too, that the plainest woman may be made better looking by dress, style of carriage and by a pleasing expression. She should remember that when a man makes love to her it is for her real self, not for the mere outward attraction of beauty, which may vanish any moment by an accident. She should never forget that a bad temper added to a plain face is a misery, but good temper, sweetness, and unselfish manners can make a plain woman even more charming than a pretty one.—Woman's Life.

Odessa, Feb. 15.—A fierce blizzard is raging throughout the whole of southern Russia. The fall of snow is very heavy, interrupting railway communication and disorganizing traffic generally.

Sunk at Sea.
Lorenzo Marques, Feb. 15.—The ammunition, guns and shells surrendered by the Boers to the Portuguese at Komatiport will be sunk at sea.

A Slap at the Kaiser.
Berlin, Feb. 15.—Herr Debel's speech on the China bill was the bitterest that has been heard in the Reichstag for many years. The war in China, he said, was the "meanest and most shameful which Prussia has waged in 200 years." He declared that it was "almost incredible that such brutality, lower than that among beasts, can survive in Christian Germany. But of course," concluded Herr Debel, "when the injunction went forth from the Kaiser that no pardon should be granted, it was no wonder that the troops behaved like Huns."

Gold in the Philippines.
Manila, Feb. 15.—Gold discoveries of some importance have been made in the province of Lepanto. Two miners made \$3,000 in two weeks. The mining prospects in the provinces of Benguet and Bontoc, adjoining Lepanto, are encouraging, but it is impossible to obtain a title to mining claims at present.

The Turk Failed.
Kansas City, Feb. 15.—Halli, the "Terrible Turk," who undertook a wrestling bout at Houghton's West End coliseum, to throw six local men within an hour or forfeit his right to any portion of the purse, failed in his attempt. George Baptiste, a local athlete and wrestler, though giving away almost 100 pounds, had no trouble in staying the balance of the hour after the Turk had defeated his first opponent in 2½ minutes.

Strike Out.
Cleveland, Feb. 15.—The six months' strike between the Cleveland Molders' union and the National Founders' association has been declared off. The agreement permits the employees to complete their contracts with the non-union men, union men to take their places at the expiration of the contracts, which is not to exceed 40 days. The minimum rate of wages is to be 27½ cents an hour for floor and bench molders.

To Make Best Sugar.
North Judson, Ind., Feb. 15.—The first beet sugar factory in Indiana will be built at Shelby, in the Kankakee valley, a few miles west of this place, by the Shelby Sugar company. Every detail has been arranged and the plant will be in operation this season. The construction contract has been awarded to the Dyer company of Cleveland. The central company has been incorporated with \$2,000,000 capital.

THE FIRST STEP

to baby's health must be taken before baby's birth. The child can have no more health than the mother gives it. A healthy mother, strong of body and cheerful of mind, will endow the child with her own physical health and cheerful disposition. Many a wife who had dreaded motherhood because of past experiences of prenatal misery of mind and body has found a new era open to her with the use of Dr. Pierce's Favorite Prescription. It gives physical strength, soothes the nerves, and induces refreshing sleep. It gives vigor and elasticity to the organs of mothering, so that the birth hour is practically without pain or suffering. It enables the mother to provide a plentiful supply of healthful nourishment for the healthy child. It makes weak women strong and sick women well.

There is no alcohol in "Favorite Prescription" and it is absolutely free from opium, cocaine, and all other narcotics. Sick women are invited to consult Dr. Pierce by letter free of charge. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

I gladly recommend Dr. Pierce's Favorite Prescription to Mrs. J. W. G. Stephens, of New York, who writes: "I feel that my child was born a strong and healthy child, and I suffered very much less than I did before in confinement. I unhesitatingly advise expectant mothers to use the 'Favorite Prescription'."

Dr. Pierce's Pleasant Pellets are a pleasant and effective laxative medicine.

Optical Phenomena of the Sky.

Professor G. F. Stradling, in continuation of his course on light at the Wagner Free Institute of Science, spoke on "The Optical Phenomena of the Sky," says the Philadelphia Times. Professor Stradling described and explained the rainbow, the color of the sky, coronas, halos and the mirage. In speaking of the color of the sky, he said: "When light falls upon a surface which is large in comparison with the wave length, all waves are reflected equally. If, on the other hand, the reflecting surface is small in comparison with the wave length the short waves will be more reflected than the long waves. When sunlight falls on the air, which always has small particles suspended in it, the longer waves, the yellow and red, pass through and the shorter waves are reflected. Hence the sky is blue by reflected light, varying in color with the dimensions of the suspended particles. The longer the path of the light through the air, the farther towards the red end of the spectrum does the color of the transmitted light move. For this reason the colors at sunrise and sunset are so vivid. The scattering effect of particles explains the bluish color of distant objects, the color of the sea, the opal, of soapy water and watered milk."

Gentlemanhood.

A friend of Charles Dudley Warner has said that it is "a cheerful spirit, and a true wit, and a sweet humor" that we find in all the recently deceased writer's works. No one will be disposed to question the fairness of this criticism; if Mr. Warner was not a great writer, he was a delightful one, and his books have the gentle charm of a companionable woman. Far handsomer, however, and equally true, is the same friend's tribute to Mr. Warner's character:

"He was completely a gentleman. He lived a religious life, but said little about it. He regularly attended his church, respecting and obeying its observances. I never heard from his lips an indelicate or coarse story, or an unclean idea. He abhorred injustice, meanness and dishonesty. A man's books may not always speak the whole of his mind; his life does, in spite of himself.

To Pyramids Of

Trip Made Through the Suez Canal by Seventeenth Infantry

Was Enjoyed by the Lima Lad Who Visited Many Points of Interest—Is Now on Duty on Luzon Island.

The following extracts from a letter written by Dorsey B. Croy, who left this city a few months ago and started from Columbus for the Philippines with the Seventeenth United States Infantry, will be of interest to the boys friends here. He writes to his parents, Mr. and Mrs. E. B. Croy, of west Eureka street, in part as follows:

Columbo, Ceylon, Dec. 22, 1900. Will start a letter here at Ceylon. Suppose you received the one I sent you from Gibraltar. I have been off of the transport at every stop—Gibraltar, Port Said, in Egypt, Colombo, Ceylon, and Singapore, India. I have had fruit to eat until I am almost tired of it. In Malta I was in the Chapel of Bones. The walls inside are made of human skulls and other human bones. There is a city underground there where some of the people never see daylight. From Port Said I went to Cairo, Egypt by train and visited the great pyramids. The natives here are as black as coal and all they wear is a bit of rag around their hips. The street cars in Port Said look like milk wagons and the tracks are only about 3 feet wide. The cars are pulled along by mules and camels. This place is very dirty. The people live in the streets. Suez is a small place and very much like Port Said. Colombo, however, is a very nice city with electric cars and electric lights. Coconuts sell for 1 cent each, bananas, 20 cents a bunch, oranges, 2 cents a dozen, pineapples, 2 for 5 cents. The latest song here is "Tara-ra-bum-de-a." We have had fine weather—not a storm and I have not been sea sick yet. For Xmas dinner we had roast turkey, cranberry sauce, potatoes, rice pudding and bread. On Christmas night we had a minstrel show on board the boat. * * * We get paid every two months and will receive \$31.20 each pay day. * * * I have been three weeks writing this letter. We have just left Singapore, only 80 miles from the equator. I am just getting up in the morning and you are just going to bed. The sea is very rough today. I have sent you a few pieces of Ceylon money for pocket pieces. * * * I have arrived on the Luzon island and am stationed at Dagupan. This is January 10th. Am feeling quite well and weigh 140 pounds.

MASONIC HOME

Trustees Meet in Annual Session at Springfield.

New Quarters Ordered Furnished in the Home—Superintendent and Matron Re-elected.

At the annual meeting of the board of trustees of the Ohio Masonic home held at Springfield Wednesday, the plans of Architect Robert Gotwald were approved for a new \$10,000 hospital to be donated by former Governor A. S. Bushnell.

The building of a cottage by the Order of the Eastern Star was considered. The hospital will probably be erected this summer, but the cottage will not be completed until next year, as the order will not take final action until the state meeting in October.

Superintendent John W. Parsons was authorized to have six rooms on the third floor of the main building furnished as sleeping apartments to accommodate the 11 new residents admitted.

The trustees elected officers as follows: President, John M. Stull, Warren; vice-president, J. W. Ireland, Jr., Cincinnati; treasurer, J. W. Chamberlain, Tiffin; secretary, John W. Parsons, Springfield. Mr. and Mrs. John W. Parsons were re-elected superintendent and matron.

What the Blade Says.

Information from Indiana goes to show that the production of the well near Hartford City was grossly exaggerated says the Toledo Blade. The Associated Press and other news agencies handled the story, but fortunately for producers, the well is not threatening. The Sand Fork scare, and the Texas scare led many to accept the story with more credulity than usually attaches to the report of a gusher. The Blade yesterday noted the fact of the well not being nearly as large as first reported and declining, but it created quite a scare and there was a number of men who sold oil yesterday as a result.

The Derrick says of the well, "Quite a little interest was stirred up today in local oil circles by a report sent out from Hartford City, Ind., saying that a 14,000-bbl. well had been struck near that place."

"Like all Hoosier oil stories this one proves to be a fake pure and simple. The well is owned by the Ohio Oil company and is located on the Myrd farm, in section 17, Washington township, Blackford county, close to developments of only average calibre. It was shot yesterday afternoon and flowed since late in the evening. They were tubing the well this afternoon and will have it pumping probably late tonight or in the morning. It is estimated as being good for 200 barrels the first 24 hours."

Good Well Near Bluffton.

Following several recent strikes in the Hancock county field, Pentzer, Faurst & Davidson's No. 4, on the Royle farm, near Bluffton, promises to make one of the best producers drilled for several years in that locality. The well was finished and put to pumping Thursday at noon. It started to make oil at a twelve-barrel-an-hour rate, and from last reports, was still continuing the unusual production. The well gave good indications, while being drilled in, but the operators little expected the surprising output. The well was completed natural.

Texas Field Report.

During the month of January the Corsicana (Tex.) field completed 21 wells, of which 13 are producers, 4 gassers and 7 are dusters. During the month 5 wells were abandoned. The total number of producing wells in the field on the first of the present month was 588; gassers, 25; dry holes, 226; and abandoned, 201. At the close of January there were but 7 drilling wells and 4 rigs up in the field.

A "Corker" of a Lie.

The Standard Oil company has cut the price of Corsicana, Texas, oil from 50 cents a barrel to 25 cents and this divide was done at one fell swoop. That is what we might call a corker of a cut—Sistersville Oil Review.

The above is another sample of ignorant lying or lying ignorance on the part of the alleged newspaper published at Sistersville. What is known as Corsicana oil was not cut 25 cents a barrel. Just before the last advance it was bringing 82 cents a barrel. A heavy black oil, produced a few miles from Corsicana, that is of about the same grade as the Beaumont product, sells for about 25 cents a barrel, with a very slow market at that. The Review might occasionally make an effort at telling the truth.

The "fell swoop" of the Review might be called a corker of a lie—Derrick. People have been invited to go to Oklahoma with pistols to settle "mattails" of much less importance than this.

Spring style Guyer Hat just arrived at Michael's.

SOAP DIGNITY.

IT IS easy to find a pure soap; it is easy to find a cheap one. The problem is to find both combined; a soap that is pure yet inexpensive. Ivory Soap is the best solution of that problem. It is an original product, evolved after years of experiment and research. It is the most of pure soap for the least money. It stands approved to-day by a second generation of Ivory Soap users.

TOMORROW

The Funeral of Mrs. Mary M. Rost Will be Held.

The funeral of Mrs. Mary M. Rost, of north West street, whose death was announced Thursday, will be held from St. Paul's Lutheran church at 2 o'clock Sunday afternoon. Rev. Bossart will officiate and interment will be made in Woodlawn cemetery.

SLEIGHING PARTY.

Last Wednesday evening the hospitable home of Mr. and Mrs. Jacob Mowery, five miles east of Lima was invaded by a jolly sleigh-riding party, who were highly entertained during the evening with piano music and singing by their accomplished daughter, Miss Clara, and her brother, Arthur. They were also entertained in the most enjoyable manner with twenty-four selections from their phonograph by Mr. Arthur Mowery. A nice lunch was served and the crowd departed about eleven o'clock, with the highest expressions of pleasure. Those present were as follows: Mr. John Barga and wife, John Wilson and wife, Mrs. Kate Humrick, Miley Hefner and wife and children, Vance and Winifred, Misses Pearl and Ruth Wilson, and Emma Hefner, and Waldo Severns, Charlie and Glenn Wilson. This makes the third sleighing party to visit Mr. Mowery's in the past week.

IN THE AIR.

The Germs of La Grippe are Conveyed Through the Atmosphere.

No one can escape the la grippe germ because when an epidemic of the disease is prevailing the air is laden with it.

The reason everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist and throw off the infection, while those, who for any reason are not in the best of health fall ready victims.

The first symptoms are those of acute catarrh, resembling a hard cold and if prompt treatment is applied at this time, it can easily be broken up; one of the best remedies at this stage is Stuart's Catarrh Tablets, sold by druggists everywhere and if taken freely, say one tablet every hour or two for two or three days, the danger of pneumonia and serious complications will be averted.

The Rev. L. E. Palmer, Baptist clergyman of Ceresco, Mich., makes a statement of interest to all catarrh and grip sufferers. He says: "Stuart's Catarrh Tablets have certainly been a blessing to me. I have used them freely this fall and winter and have found them a safeguard against la grippe and catarrhal troubles from which I had suffered for years. I feel that I can freely and conscientiously recommend them."

Persons who suffer from catarrh of the head and throat are very susceptible to la grippe and such will find a pleasant, convenient and safe remedy in this new catarrh cure.

Stuart's Catarrh Tablets are composed entirely of harmless antiseptics and may be used as freely as necessary as they contain no cocaine, opiate or poisonous drug of any kind.

Next Tuesday morning at St. Rose church at eight-thirty o'clock, will occur the marriage of Mr. Patrick Canovan and Miss Rose Leonard. A quiet wedding breakfast will then be enjoyed at the bride's home on west Vine street.

Yesterday afternoon Mrs. J. C. Thompson entertained the A. F. club and a number of friends at her beautiful home on west Market street. The round of progressive euchre was enjoyed and then an elaborate tea served at five o'clock.

A colonial valentine party was the nature of a gay little hop at music hall on Thursday evening and was given by a number of young girls to their best beaux. The chaperones of the evening were Mesdames O. F. Ramseyer and W. E. Beach.

Last evening Mr. and Mrs. W. H. Hay, of west Spring street, opened their lovely home to the members of the suburban circle and their husbands and Mr. and Mrs. G. M. McCullough. The affair was in the form of a six o'clock dinner, with everything on the menu that one could possibly desire.

Mr. and Mrs. C. J. Brotherton, of Bellefontaine avenue, gave a pretty little dinner last evening in honor of Mrs. Karl Kirk, of Toledo.

Mrs. F. G. Stauber leaves Tuesday for Los Angeles, California, where her brother, Dr. Albert Moser is lying ill.

The Woman's club will meet this evening with Mrs. H. Holdridge, of north West street.

Mesdames Woolery, Jones, Douglas, Wells, Foltz, Fraunfelder, Parham, Simpson, Neeley, Julia Simpson, Coles, Hoyer, Harrod, Lippencott, Porter, Ellis and Kiplinger.

Forty little children were entertained in a happy manner at the home of Mr. and Mrs. F. M. Aiken, of west Market street. Friday afternoon in honor of their little daughter, Dorothy's fourth birthday. Miss Grace Bryan, Bonnie Bourquin and Lulu Fredricks assisted in looking after the comfort and amusement of the little guests and serving an elaborate luncheon, each little one being presented with a lovely souvenir of the occasion.

Mr. and Mrs. J. O. Ohler entertained the T. & T. club last evening. Unique invitations bearing a miniature portrait of George Washington read as follows:

The Woman's Relief Corps
At home
with Mrs. F. D. Loutban,
124 north West street,
February 22nd, 1901.

Thursday evening the pleasant home of Mr. and Mrs. Joseph Werner, of north West street was opened to the members of the S. L. club, who were entertained in a most charming manner. The interesting progressive pedro contest gave prizes to Mrs. Charles Schimier and Mr. John C. Schwartz, while Mrs. Peter Keller and Mr. Henry Kummer were consoled with these useful prizes. A delicious

supper followed in which every one received a valentine which was loads of amusement. Music, dancing and games were enjoyed until the wee sma' hours.

The New Century club met with Mrs. Frank Grant on Tuesday for the purpose of organizing an afternoon pedro club. Mrs. Geo. Shaffer was elected president; Mrs. Geo. Ireland, treasurer; Mrs. C. L. Miller, secretary. Mrs. Odell had the honor of naming the club which was very appropriate. The club will meet with Mrs. Frank Grant on next Tuesday at 2 p. m.

The Oriental club was entertained in a very pleasant manner at the home of Mr. and Mrs. Beckman, Friday evening. After the usual rounds of progressive pedro, an elaborate luncheon was served by the hostess. The ladies prizes were awarded to Mrs. Mammell and Mrs. Ridenour and the gentlemen's prizes were awarded Mr. Harman and Mr. Fuller, while Mrs. Harman and Mr. Gelden were consoled. The guests of the club were: Miss Rhoda, Mrs. Nagelsbach, Mr. Frey, Mr. and Mrs. Rhoda, Mr. and Mrs. Driver, Mr. and Mrs. Ridenour and Mr. and Mrs. Fuller.

Engineer Frye Recalls the Accident a Year Ago at Lepsic

In Which a C. H. & D. Engine Turned Over, From Which He Barely Escaped With His Life.

Harry Frye, the well known and popular engineer on the C. H. & D., who was so badly injured in the wreck at Lepsic a year ago last October, has brought an action against the Ridgely Protective Association to recover the sum of \$300. Engineer Frye was permanently disabled as a result of his engine turning over on him and he was so badly scalded that friends of his calling submitted to the ordeal of having pieces of their own skin taken from their bodies to help heal the wounds of the sufferer.

Mr. Frye claims in the petition, which was prepared by Henderson & Rogers, that he held an accident insurance policy in the defendant association and that they have failed to pay his claim, although he was prompt in notifying them of the accident and has otherwise conformed to the laws laid down in the company's rules.

Any Old Cause.
Two unique causes for action against railroad companies have just been filed in Texas. In Hunt county the Santa Fe is sued because a delayed train caused the postponement of the funeral of a child for twenty-four hours. The father wants \$5,000. In Collin county five citizens want \$900 each from the Sherman, Shreveport and Southern because they caught cold while riding in a car in which there was no fire.

None Better.
Says the Toledo Bee: The Lake Erie & Western road is being improved as fast as the large forces can handle the work. The entire system will be retouched. New ties will be added, heavy ballasting will take the place of the old bed, bridges will be rebuilt and sidings will be lengthened. The work will require about two years and President Newman, of the Lake Shore, says the road will be superior to any in Ohio, as far as general trackage is concerned.

Notes.
Richard Mansfield and his theatrical company will pass through this city on a special train over the Pennsylvania, tomorrow, en route east from Chicago.

Mrs. J. M. Van Horn, after several months of suffering, died at her home in Amanda township, Hancock county, yesterday afternoon, after several months illness. She leaves a large family of children, among whom is James Van Horn, of this city, who is a car builder in the L. E. & W. shops.

AN ORDINANCE,

To Establish the Center Line Grade, Curb Line, Curb Line Grade, Sidewalk Line and Tree Line for North Metcalf Street, Between the Elida Road and McKibben Street.

Be it ordained by the Council of the City of Lima, as follows:
Sec. 1. That the center line grade of north Metcalf street, in said city, between the Elida Road and McKibben Street, be, and the same hereby is established as follows: Commencing at the north line of the Elida Road at an elevation of 15 feet above datum at the south line of the right of way of the Pittsburg, Ft. Wayne and Chicago Railroad, and continuing at such grade to the north line of the right of way of the Elida Road, thence north to an elevation of 15.40 feet above datum at the south line of McKibben street.

Sec. 2. That the curb line grade of said street between said points be, and the same hereby is established and made the same as the center line grade of said street, as fixed in section one above.
Sec. 3. That the curb line on each side of said street between said points, be, and the same hereby is established at 12 feet from the lot or property line.
Sec. 4. That all sidewalks on said street between said points, when constructed, shall be four (4) feet in width and shall be located with the inner line or edge two (2) feet from the lot or property line, and there shall be a gradual slope from the lot or property line to the curb line at the rate of one (1) inch to each four (4) feet in width.

Sec. 5. That all shade or ornamental trees that may be planted on either side of said street, between said points, shall be located 3 1/2 feet from the curb line, as fixed in section three above.
Sec. 6. That this ordinance shall take effect and be in force from and after the earliest time allowed by law.

Witness my hand and the seal of the Council, this 15th day of February, 1901.

ONE Dollar Was All She Received. Mrs. G. Emlich Secures the Minimum of Damages

In Her Action Against Chas.
Ackerman, Proprietor of
the Pabst Cafe.

Charles Lush to Escape Habitual
Criminal Act Pleads Guilty
to Charge of Burglary.
Court News.

The progress of civil actions in
common pleas court called up the case
yesterday of Mrs. George Emlich vs.
Charles Ackerman, proprietor of the
Pabst cafe, who was made defendant
in a suit for damages, it being alleged
by Mrs. Emlich that the defendant
had sold liquor to her husband after
being notified that he was an habitual
drunkard.

The trial of the case, so far as the
examination of witnesses was con-
cerned, did not last very long, the
argument being reached shortly after
1 o'clock in the afternoon. Mr. Ack-
erman and several of the men who he
had in his employ as bartenders, testi-
fied that after the notice of Mrs.
Emlich, strict orders had been issued
not to sell Mr. Emlich anything in the
way of intoxicants. Ollie Baker, the
day man at the Elk, which Ackerman
was managing at the time, testified
that on one occasion he refused the
money offered by Emlich for a drink
and the latter left the place profanely
refusing to take the money which he
had laid on the bar.

The jury was closed until 10:30
last night, at which hour Judge Cun-
ningham dismissed them until this
morning. It was plainly a question
of the amount of damages, but shortly
after 2 o'clock this morning an agree-
ment was reached allowing the plain-
tiff the least possible amount, in order
that she might not be held for the
costs that had accrued during the trial
of the case. H. S. Prophet represented
Mrs. Emlich, while Aldenour & Har-
rill defended Mr. Ackerman.

During the trial a specific point was
introduced by Mr. Prophet when he
asked Mr. Ackerman whether or not
he conducted his business on Sunday.
Objections were raised by the defen-
dant's attorneys on the ground that the
question had no material bearing on
the case and should therefore not
enter into it. Mr. Prophet contended
that he had a right to show that the
defendant, in spite of his orders in re-
gard to Mrs. Emlich's demands, had
not been acting in good faith. He
went further to strengthen his point,
insisting that a violation of the city
ordinance governing the closing of the
saloons at certain hours at night and
on Sunday tended to prove that he
would not act in good faith upon other
propositions. The court held for the
defense and the question remained un-
answered.

RUSH SAVES HIMSELF.
Yesterday afternoon, during the
progress of the Emlich vs. Ackerman
trial, Charles Rush was brought into
court from the jail and pleaded guilty
to the charge of burglary. The pris-
oner was decidedly up against it, as it
was the intention of Prosecutor
Kilgus to convict Rush under the
habitual criminal act, which meant
his life-long incarceration in the peni-
tentiary should a verdict of guilty be
returned.

He has a criminal reputation, al-
though his appearance in that regard
is deceiving. There is a mark of gen-
tleness about him, set off somewhat by
a bald head and features that do not
bear the imprint of the tough. He
saw his position, however, and under
the advice of his attorney, J. N.
Hutchinson, concluded to change his
plea and throw himself upon the
mercy of the court. The plea was
very recorded but sentence reserved.
Rush, as has been duly chronicled,
was the man who effected an entrance
into the home of Dr. Rudy at Harrod,
and administered chloroform to the
latter's daughter. There were abso-
lute proofs of burglary, but the inten-
tions of the man may have been of
even a more serious nature. Ther-

was nothing to establish the charge of
an attempted rape, however, and the
indictment of the grand jury was
safely based on the lesser offense.

HORSE STEALING CASE.
The disposal of Rush interrupts the
progress of criminal work which was
assigned for next week, his plea of
guilty cancelling his case, which was
set for trial Monday. Unless there is
some further developments Charles
Burns will be introduced to the jury
Tuesday morning to answer to the in-
dictment charging him with stealing
Albert Heffner's horse and buggy.

The latter picked Burns up on the
road and let him ride to town, letting
him out at Aaron Fisher's barn, where
the rig was put up for the night. Burns
is said to have gotten hold of
the check and returned for the horse
and buggy, which he had no trouble
in securing. He was arrested before
he had a chance to dispose of it.

SUCCESS Was the Pathfinders' Enter- tainment Last Night.

A Splendid Supper and a Program
of Features of Unusual
Merit.

One of the most enjoyable evenings
in the history of the Pathfinders lodge
was spent by them last night at Red
Men's hall, and the program which
made the entertainment a success was
unusually good. If there is any dis-
crimination, particular mention might
be made of Charles Richards' exhibi-
tion of club swinging. His practice
has put him beyond the amateur and
he is entitled to a place in the front
rank with the professionals.

Little Leo and Zelma King again
made a hit; their graceful figures in
the cake walk earning for them the
hearty applause of the audience. The
other features are summed up in the
following program:

Piano Solo.....Miss Ruth Moss
Song.....Miss Little Arthur
Cake Walk.....Leo and Zelma King
Piano Solo.....Master Harry Shaffer
Recitation.....Miss Mable Hess
Piano Solo.....Miss Olin Wingate
Recitation.....Miss Mary Arthur
Duet.....Miss Pearl Mehlberg
Recitation.....Miss Lulu Bullock
Exhibition of Club Swinging.....Charles Richards
Piano Solo.....Miss Anna Schultz
Recitation.....Al King

The supper was another enjoyable
feature of the evening and, as usual,
there was nothing to mar the success
that always attends the socials given
by the Pathfinders' society.

SPECIAL SERVICES.

For the past six weeks the members
of the First Baptist church have been
holding cottage and church prayer
meetings preparatory to a special
evangelistic effort which will begin
tomorrow evening at 7 o'clock, when
the pastor will preach on "The Great
Mistake of Jonah." These meetings
will continue for two weeks at least.
Dr. W. C. Taylor, of Indianapolis, will
be the preacher, beginning with Mon-
day evening, and he comes as a point-
ed and powerful preacher—a man
whose ministry God is greatly bless-
ing. With good music, plain preaching
and a praying people we are hopeful of
good results. Come!

ILLNESS

Of M. Summers Causes His Withdrawal

From the Race of Candidates
for Sheriff.

Issues a Card Announcing His With-
drawal and Expressing Grati-
tude for the Excellent Sup-
port He Has Held.

The following communication from
M. Summers, Jr., received at the
Times-Democrat office this afternoon
is self explanatory:

Feb. 16, 1901.
To the editor of the Times-Democrat:
My name having been publicly an-
nounced as a candidate for the nomi-
nation of sheriff, at the Democratic
primary election to be held in this
county, on Monday, April 1st, A. D.
1901, and having personally solicited
a large number of the Democratic
voters of the county for their support,
and now fully realizing that I will,
because of a recent attack of rheuma-
tism from which I am yet suffering
much, be physically unable to make a
proper and thorough canvass of the
county, I now hereby withdraw from
the contest and in so doing leave my
friends free to support whomsoever
they may see fit and proper among
the number of other worthy and de-
sirable aspirants. I also wish hereby
to return to the Democrats of the
county generally my sincere thanks
for their many expressions of kind-
ness; and to say to my many friends,
including all those who had given me
assurances of their support, that I
shall ever hold them in grateful re-
membrance.
Most respectfully yours,
M. SUMMERS, JR.

FOR COLDS AND CATARRH

Peruna is a Most Excellent
Sure Cure. Family Remedy.

MR. HARRY M. STEVENS, MIDLAND BEACH, L. I.
Mr. Harry M. Stevens, Midland Beach,
L. I., New York, proprietor of "The
Richmond" Hotel says of Peruna:
"It gives me pleasure to testify
to the value of Peruna, I have
used it for years and have found
it to be a most excellent family
remedy. For colds, catarrh and
similar ills, it is unsurpassed."
Mrs. C. E. Long, box 214, Atwood,
Colorado, in a recent letter to Dr. Har-
man, says the following:
"We can never thank you enough for
the change you have made in our little
one's health. Before she began taking
your Peruna and rock candy she suf-
fered everything in the way of coughs,
colds and croup, but now she has been
taking your medicine a month, not quite
one bottle full, and she is as well and
strong as she has ever been in her life.
Has not had the croup once since she
began taking it, and when she has a
little cold a few doses of Peruna fixes
her out all right."
Mrs. Nellie Courter, 14 Center avenue,
Norwalk, Conn., writes: "Peruna has
done wonders for my boy. I cannot
praise it enough. I think it is the
best medicine on earth; let me tell
you why I think so: My son has
been afflicted with catarrh since he
was a baby five months old, so that
for years I had to watch him all night
long, and keep his mouth open so he
could breathe, as he could not breathe
through his nose. He has always been
very delicate.
"Since he commenced taking the Pe-
runas I can go to bed and sleep all night.
He can breathe through his nose any
way he lies, and all that hawking and
spitting is gone. My boy is as well
today as when he lost off taking it,
and he only took one bottle."

"Since he commenced taking the Pe-
runas I can go to bed and sleep all night.
He can breathe through his nose any
way he lies, and all that hawking and
spitting is gone. My boy is as well
today as when he lost off taking it,
and he only took one bottle."

Any one who wishes perfect
health must be entirely free from
catarrh. Catarrh is well-nigh uni-
versal; almost omnipresent. Pe-
runa is the only absolute safe-
guard known. A cold is the be-
ginning of catarrh. To prevent
colds, to cure colds, is to cheat
catarrh out of its victims. Peruna
not only cures catarrh, but pre-
vents it. Every household should
be supplied with this great rem-
edy for coughs, colds, etc.

Columbus, Ohio, for a free book on
catarrh.

THE TURN OF LIFE.

The Most Important Period in a Woman's Existence.—Mrs. Johnson Tells How She Was Helped Over the Trying Time.

CHARLOTTE JOHNSON.

Owing to modern methods of living, not one woman in a thousand experiences this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

Those dreadful hot flashes, reading the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are only a few of the symptoms of a dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. The three following letters are guaranteed to be genuine and true, and still further prove what a great medicine Lydia E. Pinkham's Vegetable Compound is for women.

Mar. 12, 1897.
"Dear Mrs. PINKHAM:—I have been sick for a long time. I was taken sick with flooding. All my trouble seemed to be in the womb. I ache all the time at the lower part of the womb. The doctor says the womb is covered with album. I suffer with a pain on the left side of my back over the kidney. I am fifty years old and passing through the change of life. Please advise me what to do to get relief. Would like to hear from you as soon as possible."—Mrs. CHARLOTTE JOHNSON, Monclova, Ohio.

Jan. 23, 1898.
"I have been taking your remedies, and think they have helped me a great deal. I had been in bed for ten weeks when I began taking your Vegetable Compound, but after using it for a short time I was able to be up around the house. The aching in the lower part of the womb has left me. The most that troubles me now is the flowing. That is not so bad, but still there is a little every day. I am not discouraged yet, and shall continue with your medicine, for I believe it will cure me."—Mrs. CHARLOTTE JOHNSON, Monclova, Ohio.

April 13, 1900.
"I send you this letter to publish for the benefit of others. I was sick for about nine years so that I could not do my work. For three months I could not sit up long enough to have my bed made. I had five different doctors, and all said there was no help for me. My trouble was change of life. I suffered with ulceration of the womb, pain in sides, kidney and stomach trouble, backache, headache, and dizziness. I am well and strong, and feel like a new person. My recovery is a perfect surprise to everybody that knew me. I owe all to Lydia E. Pinkham's Vegetable Compound. I would not do without it all to Lydia E. Pinkham's Vegetable Compound. There is no need of women suffering so much if they would take your remedies, for they are a sure cure."—Mrs. CHARLOTTE JOHNSON, Monclova, Ohio.

When one stops to think about the good Mrs. Johnson derived from Mrs. Pinkham's advice and medicine, it seems almost beyond belief; yet it is all true as stated in her three letters published above at her own request. As a matter of positive fact Mrs. Pinkham has on file thousands of letters from women who have been safely carried through that danger period "Change of Life." Mrs. Johnson's cure is not an unusual one for Mrs. Pinkham's medicine to accomplish.

\$5000 REWARD.—We have deposited with the National City Bank of Lima, \$5000, which will be paid to any person who can find the author of the above letters, and who will not be paid to any person who can find the author of the above letters, and who will not be paid to any person who can find the author of the above letters.

"I AM FOR MEN"

ABOUT VACCINATION.

A Great Quest for Some Spot Other than the Arm.

There can be little doubt that the spot on the outside of the arm where the vaccination usually is performed has been chosen from motives of convenience rather than aesthetics, and with small reference to the feelings of the patients. So far as convenience is concerned, nothing could be better; and when the good time comes when to be unvaccinated will be considered a disgrace, no doubt every young woman will be glad to carry her scars open public view. In the meantime they don't like it, and many attempts have been made to find a better place. On the whole, the most popular substitute seems to be the leg. The objection to using the leg as a site for vaccination of children arises chiefly from the difficulty which is found by some mothers in keeping the part dry and clean; but with modern methods of protected vaccination this may not prove so important as it was when all vaccinations were left bare. Take it altogether, however, the most generally convenient place will probably be found on the left flank, over the lower ribs. If babies were reasonably dressed that would be a spot on which but little friction need ever fall, on which it would be easy to apply a protective dressing, and on which the necessary area of cicatrix would not become a deformity. Moreover, much of the trouble which sometimes follows vaccination arises from the area of vaccination required, and its being crowded on the small extent of surface offered by the arm. But with a larger area to work upon the vesicles might be further apart, and it is not impossible that much secondary inflammation might be saved. All, however, depends upon how the baby is dressed. So long as the attempt is made to make an infant's clothes fit it there is no use vaccinating just where they are sure to rub, and the choice probably lies between the arm and leg—arms for boys and legs for girls.—Boston Journal.

HAPPIEST CLASS.

In a Middle State where Income Exceeds Expenditure.

In writing of "The Happiest Class of People," John G. Miller Speed, in the Woman's Home Companion, advances the theory that the very rich are sometimes more to be pitied than envied. He then goes on to say: "I have told you who are the unhappiest men, and now it is my pleasant duty to speak of the happiest class. Solomon indicated it in his petition, 'Give me neither riches nor poverty.' There is in that, as in most of the Proverbs, both definition and description. Neither riches nor poverty. I need say little more. We all know what the alternative is: that middle state where the income safely exceeds the expenditure. Then a man can be happy, and if he have a good temper and a robust digestion it does not make much difference what goes on around him. He is safe, and for the time being at least his family is secure. The best thing about this happiest state is that it had within it such a tremendously large class. It is not only a man here and there that belongs within it; the men are legion. In this country it embraces all of the great middle class. And the very great majority of them do not even know that there is the happiest state; they do not dream how well they are off. Some of them, being wrong-headed men, envy their richer neighbors; some others throw away their valuable sufficiency in the endeavor to get richer; some others get richer, and then are not as happy as they were before. Let those who are in this happiest state continue in it if they can, for the world at large and the country at home has great need for them. They represent the solid honesty which stands midway between the madness of a too

rapid social reform and the insatiable greed of the unscrupulous who look upon the whole world as a gold mine that belongs to them by right of inheritance or purchase. Happy should be the land where this class is very great; and it is greater in the United States than anywhere else in the world.

HAD TO CONQUER OR DIE.

"I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C., "I had consumption so bad that the best doctors said I could not live more than a month, but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and am now stout and well. It's an unrivaled life-saver in consumption, pneumonia, la grippe and bronchitis; infallible for coughs, colds, asthma, hay fever, croup or whooping cough. Guaranteed bottles 50 cents and \$1.00 Trial bottles free at H. P. Vortkamp's drug store, cor. Main and North sts.

DON'T WORRY RULES.

Help and comfort your neighbor. Realize that it can be cured by persistent effort. Cultivate a spirit of gratitude for daily mercies. Realize that it never has done and never can do the least good. Realize that worrying is an enemy which destroys your happiness. Attack it definitely as something to be overcome. It wastes vitality and impairs the mental faculties. Forgive your enemies and conquer your aversions.—Floyd Tompkins.

HOW TO CURE THE GRIP.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip not one case has ever been reported that did not recover. For sale by all druggists.

More Than Just Knowledge.

Some months before his death, Senator Cushman K. Davis wrote the following words to a young friend: "I believe in superhuman knowledge. I have little faith in the thing called genius. I think any young man can attain success, and great success, by cool, hard, studious labor; not intermittent labor, but conscientious, constant effort. The men who have achieved success are the men who have worked, read and thought more than was absolutely necessary; who have not been content with knowledge sufficient for present need, but who have sought additional knowledge and stored it away for the emergency reserve. It is superfluous labor that equips a man for everything that counts in life."

PNEUMONIA CAN BE CURED.

This disease always results from a cold or an attack of grip and may be prevented by the timely use of Chamberlain's Cough Remedy. That remedy was extensively used during the epidemics of la grippe of the past few years, and not a single case has ever been reported that did not recover of that resulted in pneumonia, which shows it to be a certain preventive of that dangerous disease. Chamberlain's Cough Remedy has gained a world wide reputation for its cures of colds and grip. For sale by all druggists.

BURIED ALIVE.

Fate of a Wounded Soldier in the Philippines—Officer Sentenced. Washington, Feb. 15.—According to advices from the Philippines, Captain Noice, the insurgent officer who commanded the band which captured Lieutenant Gilmore and party of the Yorktown and held them captive for many months, has been sentenced to imprisonment at hard labor for life on the charge of having permitted one of Gilmore's party to be buried alive. The victim was a sailor named McDonald, who was a burden to the Filipinos because of his wounds.

Spain Tranquil.

Madrid, Feb. 15.—The minister of the interior, Senor Urdariz, asserted that calm reigned in all the provinces and that if the same pacific behavior of the people continued until after the carnival next week, martial law would be discontinued in Madrid and throughout Spain, except in Catalonia. General Weyer says that for the present rigorous martial law will be maintained.

Forced to Close.

Topoka, Kan., Feb. 15.—At Opeka, Kan., a large troop of women, headed by the ministers of the town, waited upon the jointists and gave them just 15 minutes to close. The women were armed with hatchets and threatened to smash the fixtures. The joints did not wait to parley but immediately closed. The same process was repeated at Cottonwood Falls.

Natural Gas Escaped.

Canton, O., Feb. 15.—Edward Grimm, a local manager, is dead, and his wife, two children and his wife's sister are in a precarious condition from asphyxiation. Grimm and his wife had been ill. When doctors called on the sick they found the whole house prostrated. It is supposed that natural gas escaped through a leak and filled the house.

Altered Defense Scheme.

London, Feb. 15.—Mr. Morrison, in a dispatch to The Times from Ottawa, describes the international scheme for the defense of the legation quarter as exhibiting an exaggerated fear of the strength of disarmed China. He says: "The scheme is equivalent to the reconstruction of international forts along the Imperial palace."

Not Thwarted.

Winfield, Kan., Feb. 15.—An "anti-join" riot is threatened here. The saloon men have many sympathizers who deny that the crowdsmen have a right to destroy saloon property. The partisans of each faction are arming, and a clash between them is imminent. Several ministers have been warned to leave town.

Gardner in a Draw.

Omaha, Neb., Feb. 15.—Oscar Gardner, the "Omaha Kid," and Hans Smith, a local colored heavyweight, fought 20 fast rounds at Tilden, Neb. Gardner was the aggressor throughout. By an agreement made before the fight the contest was declared a draw.

Down an Embankment.

Sydney, N. S. W., Feb. 15.—A passenger train bound from Sydney to Hurstville was derailed near Sydney and rolled over an embankment. Seven persons were killed and 26 injured.

MODERN KITCHEN.

Although the kitchen plays such an important part in our daily life it is often, even in large establishments, the room which is most neglected.

A most important thing is the range. A gas stove is a most useful article, and saves both time and trouble.

Linoleum or cork carpet is the best covering for the floor, and this must be a good one, as it will not hard wear.

A good roomy dresser with cupboards underneath and drawers for holding clothes, etc., should occupy one side of the kitchen.

If the pastry is made in the kitchen, a marble slab should be fixed in the coolest part, and a mortar with a pestle attached will be found very useful.

Another very useful thing is a drying rail for drying and airing the clothes; this can be raised and lowered by pulleys, and is quite out of the way of the cook's head.

The model kitchen should have the walls tiled, but if this is not possible have a high dado of old cloth with a pretty varnished paper above, representing tiles; blue and white always look cool and clean.

A good clock should be in the kitchen, also a slate for writing down orders, plenty of hooks for hanging up things, and if there is not sitting room for the maids several easy chairs will be necessary; a table-cover to put on in the afternoon, and a shelf or small table for holding books, newspapers, work boxes, writing materials, etc.

PERSONALS.

Alpha Twentieth Minnea Lundeen is the name of the first baby of the century in Minneapolis will bear.

W. W. Astor has made a contribution of \$25,000 to the Princess of Wales' fund for the benefit of families of South African soldiers.

According to Sir Robert Ball, a distinguished English scientist, the sun lost five miles of its diameter during the century recently closed.

Edgar B. Stewart, mayor of Morgantown, W. Va., is said to be the youngest mayor in that state. He is 26, and is the first Republican mayor the town ever had.

Mrs. Hurst, the divorced wife of Bishop John P. Hurst of the Methodist Episcopal church, is now in Paris studying the tenets of the Roman Catholic church, with a view to becoming a member.

Daniel C. Vito Brant, for more than half a century a citizen of Dodge county, Wisconsin, died recently. He was a presidential elector in 1884 and in 1890 he was the Republican candidate for congress in his district.

Dr. W. J. Humphreys, assistant instructor in physics in the University of Virginia, is to be one of the party of scientists to be sent by the Naval Observatory to Sumatra to observe the eclipse of the sun on May 18.

Cardinal Gibbons, in spite of his advanced age, is still able to attend to any ecclesiastical duty which needs his attention. On a recent Sunday in Washington he preached in St. Patrick's church and in the afternoon confirmed 300 children.

No one would ever be bothered with constipation if everyone knew how naturally and quick Burdock Blood Bitters regulates the stomach and bowels.

Causes of Tender Feet.

Tender feet are usually caused by tight and ill-fitting boots and shoes, which also produce such painful complaints as corns, bunions, enlarged joints and ingrowing toenails. Avoidance of boots with pointed toes, which cramp the feet like oriental bannocks, and become instruments of torture to the wearer. Next to tight boots and shoes, the most potent factors for causing tender feet are badly fitting socks and stockings; these should always be chosen with as few seams as possible to keep the feet in good condition. There is nothing better than frequently bathing them with warm water in which has been placed a handful of salt. This is especially efficacious for those who suffer from tired or tender feet.

FATAL DELAYS ARE CAUSED BY EXPERIMENTING WITH COUGH AND CURES. Foley's Honey and Tar will prevent a cold from resulting in PNEUMONIA.

H. F. Vorkamp, cor. Main and North streets.

Child's Recitation on Washington.

At one of the public schools in Washington a portrait of George Washington was hung in the room of the infant class last week. On the morning of its appearance the teacher called attention to the gift and asked the children if they knew whom the picture represented.

"Who was Washington?" a little hand was lifted from one of the front desks. "Who was he, Tommy?" "Our father from the country," was the reply.—Washington Letter Chicago Record.

W. L. Yaxey, Paducah, Ky., writes:

"I had a severe case of kidney disease and three of the best physicians in southern Kentucky treated me without success. I was induced to try Foley's Kidney Cure. The first bottle gave immediate relief and three bottles cured me permanently. I gladly recommend this wonderful remedy."

H. F. Vorkamp, cor. Main and North streets.

Salt as a Tonic.

New lease of life is held out to persons suffering from loss of blood by disease or injury by the injection of common salt water into the system. Normal salt solution is the restorative used to stay the march of death even if it is said when 90 per cent of the blood has been lost. The treatment may be applied to persons suffering from pneumonia, typhoid, malarial fever, peritonitis, acute and chronic Bright's disease and all heart affections issuing from the last named troubles. The quantity of salt water injected is made, as nearly as possible, to equal that of the blood lost.

A FIREMAN'S CLOSE CALL.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by H. F. Vorkamp. Price 50 cents.

Clamoring For Bread.

Budapest, Feb. 16.—Several thousand persons out of work marched through the principal streets here carrying mottoes such as "Bread or Work is Our Right," and singing the Marseillaise. They also began smashing the windows of restaurants and stores. The police, in force, dispersed the mob after scenes of violence during which many arrests were made.

Week's Failures.

New York, Feb. 16.—Failures for the week numbered 257 in the United States against 218 last year, and in Canada 40 against 42 last year.
